

Lexington Slab

A New Era of Slab

The Lexington Slab is a premium slab with variegated colours integrated into the mix and feature a slate-like surface that will add refinement to any landscape. Lexington is manufactured using strict height tolerances insuring that slabs are level and consistent. Fine aggregates, and high cement content make up the facemix, resulting in an extremely durable surface and bold colours. Lexington is available in three striking colours, making it a great choice for any space it's placed in.

INSTALLATION NOTES

Lexington comes in a rectangular or square option. They can be installed using one size only, in a running bond or herringbone pattern, or combined to create a random pattern. When installing this product, make sure to include a 2-5mm gap between each

unit. This will provide enough room for the jointing sand and make installation easier. For more in depth installation guides for specific products, visit BarkmanConcrete.com.
